Rahns TESTIMONY

His testimony stamps a seal of approval that God has a musical ministry for him to fulfill in this new millennium. When Rahn was born he endured a kidney disease. This disease caused him to swell with over 100 pounds of fluid. When he was 14, the attack of this disease almost caused his life to come to an early end at a young age. After recovering from that struggle recently Rahn got over another attack, which caused his lung to give out, I was swollen with 100 pounds of fluid, Cholesterol of 800, high blood pressure, blood clots, kidneys stop functioning. Rahn went to doctor and miraculously his lung was back working and it not corroded. God had a different plan that it wasn't time for him to leave and I prayed to give me my health back and he did. The doctors gave me up to die and I was in the hospital for months. They stated that he would not be able to sing again. Well I am healed I am able to sing, and I am not filled up with over 100 pounds of fluid. My ministry is to let all of God's children know that he is still in the healing business and that he's still on the Throne. I am a witness and has given Rahn another chance and he wants the world know that he is able to sing again in spite of what the Doctors and the enemy said and has given it all to The Lord in Jesus name. **NO MATTER WHAT YOU GO THROUGH, YOU CAN MAKE IT I DID!** Rahn Hatcher is truly a man with a mission.

Rahn Anthoni

My musical influences and inspired lyrics are from going through so much in my life. I've found comfort in singing and expressing myself through music. When I sing it's like a warm healing blanket to my soul. I now want to share that warm comfort that God provides through my voice to others. I want my fans and listeners to take with them encouragement, peace and rhythms that stir them.

Through God's anointing I want my music to heal the hurting, strengthen your heart and soothe your soul.

Rahn's Ministry

My Ministry is to reach the unsaved, help restore the saved and to let everyone know what the Lord has done for me. I was born with a kidney disease. This disease caused me to swell with over 100 pounds of fluid. At age 14, the disease became very aggressive and attacked my whole body and I struggled to live. Just when I thought I was getting better, I got another attack that caused my lung to die, I began swelling again with over 100 pounds of fluid, my cholesterol shot to over 800, my high blood pressure was out of control, blood clots formed and my kidneys stop functioning. This was one of the most trying times in my life! I had an odor because my lung had corroded inside of me. I was supposed to vomit it out, but God saw that it wasn't time for me to leave and I prayed mightily to God to give me my health back and He did.

The doctors gave me up to die and I was in the hospital for months. They stated that I would not be able to sing again and I was given up to die. Well I am healed I am able to sing, and I am not filled up with over 100 pounds of fluid. My ministry is to let all of Gods children know that he is still in the healing business and that he's still on the Throne. said. I give all glory to The Lord in Jesus name. I actually died and saw my body lying on the bed. As my spirit began to transition cried out to God and he restored me! The doctors were amazed.

Since then all the medical providers I've visited have been astounded at the healing and restoration that has taken place in my body. I went to doctor 7 months ago and they confirmed that my lung is back working and it not corroded anymore. All praise be to God!

Since I've seen and experienced firsthand God's healing power, I'm a willing musical vessel to get the word out, that God is awesome. I want to sing everywhere until the last bit of breath is left in me and my lungs.

The Acting Bug

Rahn Anthony is not only a vocal visionary he is an established actor as well. Film Producers and Directors are noticing his message of healing and restoration which is unparalleled and can be transcended in music and film. Rahn Anthony has had leading roles in musical stage plays such as **Cats**, **Sonny's Place** and **Good Men is Hard to Find**. He has also been featured on BET's **Star Power** and he has just recently accepted a role in a new movie to be released in the near future.
